Step 2. Go to the [Gif Lingua Library](#). Select the book you want to translate and publish in another language. On the front page of the book click the “Settings” button and select “Copy”.

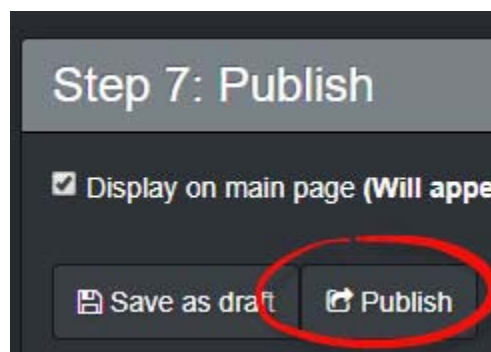

Step 3. The book will open up in the editor. Select a page and translate the line. Click “Enter” to go to the next page to translate. Continue until all pages are translated.

Next: Translate the book title. Select the correct language for the book. Select any categories. Translate the tags for the book. Delete any links added to Quizlet, Youtube or others.

Step 4. Publish the book! It will appear under the language you selected and published the book under.

Thank you for helping publish books in another language. It's a large task but which will benefit learners all over the world.
